LIBERIA WANTS AID.

Scripps-McRae Service.
Washington, June 23.—An interesting diplomatic question has been brought to the attention of the president and Secretary of State Day by Bishop Hartzell of the Methodist church.

He is bishop for Africa and his mission is to present an appeal on behalf of the republic of Liberia for an Anglo-American protectorate.

If the republic cannot get a joint protectorate, it will seek such protection from either the United States or Great Britain.

The object of the Liberians is to secure support in the dealings with their neighbors.

COMMANDER SUCCUMBS.

Scripps-McRae Service.
Washington, D. C., June 23.—Another commanding officer of a naval vessel engaged in operations in West Indian waters has broken down on account of the continued heat and strain.

He is commander John F. Merry of the gunboat Machias.

Commander William W. Mead has been assigned to the command of the Machias.

SAMPSON'S DAUGHTER TO WED.

Scripps-McRae Service.
San Francisco, Cal., June 23.—Henry Harrison Scott and Miss Olive Farrington Sampson, the eldest unmarried daughter of Rear Admiral Sampson, are to be married in November. Scott is manager of the largest coal company in California.

SHE WON'T ABDICATE.

Scripps-McRae Service.
Madrid, June 23.—The press of the city protests that there is no foundation for the reports coming from foreign sources, that it is the intention of the Queen to abdicate. It is semi-officially declared that her majesty is determined to unfrockingly carry out the duties of her position.

The government has no news of the expected attack on Santiago, but entire confidence is felt in the ability of Gen. Linares and Gen. Pareja to meet the emergency. It is reported that great enthusiasm prevails among the troops and citizens of Santiago.

GOES AS INTERPRETER.

Scripps-McRae Service.
Washington, June 23.—The Rev. W. H. Powell, of Tennessee, who has been a missionary from the Baptist church to Mexico for a number of years, has been commissioned by the war department as an official interpreter, to accompany the army to Cuba.

The appointment was secured for Dr. Powell by Representative Richardson, at the request of the board of foreign missions of the Baptist church. The church had decided to transfer Dr. Powell from Mexico to Cuba, but such a transfer at this time would be difficult and dangerous for a private individual, so the church decided to ask an appointment.

PER CAPITA MORE.

Scripps-McRae Service.
Frankfort, Ky., June 23.—Superintendent of Public Instruction Davison has been delayed in making up the common school per capita by reason of the Louisville census just taken. He says it will be more than last year, which was \$2.20.

The Whole American Army Is Now at Daigura, Seventeen Miles East of Santiago.

Scripps-McRae Service.

CHICAGO, June 23.—A special despatch to the News says that shortly after midnight (today) the landing of General Shafter's entire army was completed at Baiquiri.

The launches continue to remove the Spanish mines from the harbor.

There is now no doubt but that the cable cut by the St. Louis yesterday was the last line connecting Cuba with the outside world, except the cable running to Key West.

The landing of troops at Daigura, seventeen miles east of Santiago, has been in progress for two days. The vanguard was landed under the guns of the American fleet.

Scripps-McRae Service.

He says the government is responsible for sending Admiral Cervera to Santiago, and declares that the fleet was not supplied with the necessary ammunition, stores, coal, etc. The only plan to pursue, he says, is to close the cortes and suspend the constitutional guarantee.

ANHEUSER-BUSCH BREWING ASS'N.

June 23, 1898.

A YOUTHFUL COUPLE.

This morning a youthful couple came in from the country to be married. They were George Howard, aged 16, and Susan Vaughan, aged 18. They were accompanied by the father of both, and will be married today sometime.

There will be an interesting case for trial in Jasine Settle's court tomorrow. It is against Mr. F. F. Gardner, of the county, for whipping a boy named Bruen, who has been living with them for the past two years. He was taken out of the Baptist's orphan home in Louisville, and claims to have been cruelly beaten. He came to the city on a bicycle Monday behind Rev. Penrod's little son, who was staying out there, and became frightened at the alleged treatment of the boy, coming to town and bringing the boy with him. The latter had large imprints on his person, which he claims were made by a whip. Mr. and Mrs. Gardner are prominent church members, and have many friends who will take an interest in the case.

Stares Spain in the Face if the War Is Prolonged—It Means the Total Loss of Her Territories.

THE MONARCHY WILL BE OVERTHROWN.

A RUMOR FRIGHTENS THE CITY OF CADIZ—Thought the American Fleet Was Coming—Spanish Cortes the Scene of Demonstrations.

CRISIS IN SPANISH AFFAIRS SEVERELY THREATENED.

Scripps-McRae Service.

PARIS, June 23.—The Madrid correspondent of the Temps sends a statement by a leading conservative politician that peace has become an absolute necessity for Spain; that a continuance of the war under the present conditions means the sheer ruin of Spain, and her whole colonial empire will be irretrievably lost; that by longer continuing the war the government will commit and unpardonable crime against the country. Peace is the only means of preserving the monarchy, of averting a civil war and the appalling ruin which now stares Spain in the face.

THE SPANIARDS GETTING FRIGHTENED.

Scripps-McRae Service.

CADIZ, June 23.—This city was the scene of an anti-British demonstration yesterday as the result of the apprehension that the Americans intended to bombard Cadiz and other Spanish ports. The immediate fear was caused by the arrival of a merchant vessel which reported that it had been chased by an American warship in the English channel.

THURSDAY, JUNE 23, 1898.

WHEN Cervera makes his dash to get out of Santiago harbor Sampson will be there to see.

The third Philippine expedition is now bulletined to leave San Francisco on Monday. It is said Merritt is to go with it. Whether he will be a mascot remains to be seen.

NOTWITHSTANDING that positively the last cable has been cut the Spaniards in Cuba are still sending cable dispatches to Madrid. They probably are using the latest method of telegraphing without wires.

THE FOURTH Kentucky Regiment, Col. Colson, is to be mobilized on Saturday, Sunday and Monday, and orders have been issued by the Governor to move to the Lexington camp for muster, which will begin immediately on the arrival of the troops.

THERE is not much danger that the slightest bit of harm will come to Lieut. Hobson and his crew. Only a commander blinded by rage and hate would dare to touch a hair of their heads. Their deaths would be avenged in a 1000-fold ratio with seventy million people the avengers.

GENERAL MERRITT is reported as being still "undecided" when to leave for Manila. As Admiral Dewey is already there, it is in fact perfectly immaterial to the American people whether the alleged warrior ever goes or not. Dewey should by right be the first American governor general of the Philippines.

The latest news is that Porto Rico will be undisturbed until there is something decisive in Cuba. The rule is to divide and conquer, but if we divide ourselves, half the labors of the enemy are accomplished. Too many small armies beyond support of each other, give premonition of disaster or uncertain results.

EX-PRESIDENT GROVER CLEVELAND has lifted up his voice to warn the people against the evils of war of conquest, and thereby puts himself in line with Col. W. J. Bryan. It will be a matter of curiosity to see now whether the Bryan followers will admit that for once Cleveland is right, or whether Bryan will proceed to change his opinions.

SHAFTER's army is to be reinforced at once with 8,000 men, and it is possible he will have great need of them by the time they arrive, especially if it is true as reported, that Linares has 40,000 Spanish soldiers in and around Santiago. It can be set down as a fact that there will be a hot old time in Santiago before a week elapses.

ONE can get any kind of a report he desires as to the condition of affairs in Havana, rumor placing it all the way from starvation to plenty and happiness. But we believe that Banco's temper is a good index, and his order that the flag of truce shall not be hereafter respected, shows that the Captain General is getting desperate whatever the status of the provision market may be.

THE Cuban Republic now has a navy. It is only one ship it is true, but that one ship is commanded by

an O'Brien, which makes it more than the equal of two. The O'Briens are not exactly Spaniards nor Cubans as will readily be noticed by the name, but are perhaps of French or Italian ancestry. May the navy grow until it is a power on the seas, and the O'Briens become numerous as the sands on the sea shore.

THE Bryan papers are all alone in their abuse of the administration on account of what they call the gross mismanagement of the war. They criticise the Government severely because an army was not thrown against Havana at once. The fact that we had no available army when the war broke out signifies nothing with those unscrupulous papers who can never forget that Bryan and his 16 to 1 ideas were defeated in 1896.

THE Goebel Legislature that passed last winter at Frankfort fixed up a beautiful scheme for gerrymandering three judicial districts and thus virtually stealing them. But a Democratic Court of Appeals has decided otherwise by ruling that redistricting can only take place every ten years and then in accordance with the constitution. This is hard luck on the Democrats, but is refreshing news to all honest people who regardless of politics are glad to see the new state gang frustrated.

WILL General Merritt never get out of the country? He is an eyesore, and the country awaits some heroic act of his, which will redeem him in its estimation. If apron strings hold him back let him take the whole affair with him. All the world loves a lover, but when whining mawkishness destroys a man and kills a hero, it feels that bad material is well thrown away. The world sympathizes with and loves Mark Anthony—not for his love—not for his vices—but because love made him a fighter and a hero.

IMPERIALISM. The opponents of annexation of Hawaii and of a permanent occupancy of the Philippines in whole or in part have much to say regarding the landmarks of the past and of the historical policies of our government. Even President Cleveland joins the timorous crowd and advises against the spirit of "imperialism."

Nothing can be further from the spirit that actuates the American people today than the dreaded spirit of conquest. The desire to annex Hawaii, to seize Porto Rico and possibly to retain a permanent influence in the Philippines is not the spirit of imperialism. It is but the adapting of itself, on the part of the nation, to new conditions or to old conditions suddenly realized.

It has been only a short time since many popular leaders, both in and out of congress, opposed a strong navy, and it was quite popular to deride the possibility of a foreign war. But war has come and almost the weakest nation in Europe has dared to defy us. Now no one can be found who does not see the necessity of a modern navy able to meet that of any nation on the earth. Thus has a radical change come over large numbers of our people; but it is not imperialism, though the only nations having large navies are the nations of Europe. Our nation is merely adapting itself to circumstances.

The war has demonstrated the necessity of naval outposts. Hawaii is necessary as a base of supplies in the Pacific ocean. Porto Rico is the key to the West Indies. The possession of both is necessary. But to desire them is not imperialism. It is but the taking of proper steps for self protection. The same is true of the construction of the Nicaragua Canal. It is a necessity as a war measure, and as a means of facilitating commerce.

The future course of the United States in the Philippines will not be dictated by any wild desire for national aggrandizement. The exigencies of war have controlled events thus far, and will shape them until the articles of peace are signed. The final disposition of the Philippines will be determined by the absolute necessities of the situation. It will not be in accordance with the dictates of humanity to turn the islands back to Spain, in any event. Such an act would be a treaty on our position regarding Cuba. Humanity must compel this nation to retain the Philippines, and if such is the case, the occupancy of the Caroline and the Ladron Island, become almost a necessity.

The nation is simply following its manifest destiny. The people are simply meeting new conditions in the full spirit of our liberal and progressive ideas. No nation in the wide world is so fitted for the establishment of colonies and for the extension of territory as the United States. Our people know what real freedom is and will guarantee that only to any colonies that this nation may establish or any country it may annex.

WHICH?

In a letter he wrote from the city, he called her a "pretty young girl;" He's a fellow that's awfully witty, And he keeps all the girls in a whirl.

Now, compliment meant he, or pity? Should she kiss him or wish he were hung?

Was the accent he meant on the "pretty?"

Or was it to be on the "young?"

There Are Two Ways

Of getting glasses—one to go to a first-class optician and get what you need; the other, to go to a merchant who keeps spectacles and sells them so cheap, make a "grab in the bag," as it were, get a pair that don't fit you (although it may seem so for the moment), and run the risk of ruining your eyesight entirely—all for a very small difference in expense. If you need the services of a good optician we can serve you well and cheaply. No charge for examination.

PLAYING BURGLAR,

One Boy Killed in Mayfield by a Companion—Sad Accident.

Otto Covey, aged 11, was shot and killed by Charlie Fincher, aged 13, at Mayfield, late yesterday afternoon. The boys were playmates and were playing burglar.

Fincher owned a .38-calibre pistol, and was guarding the house when the other boy, in the role of a burglar, entered the window. His companion drew the pistol and fired, the ball striking the boy in the breast and killing him instantly. There was great sadness in the two families over the tragedy, which was the result of recklessness. The boys were the best of friends.

He Did Not Carry His Pistol Concealed—Other Proceedings of the Court.

Mrs. Ed Lehrer, clerk at Henry Schmidt's, in Tennessee street, was charged in the police court this morning with carrying concealed a deadly weapon. He was arrested on warrant sworn out by Ed Wiley, a small colored boy who had been annoying him at the grocery for sometime.

The evidence showed that Wiley had been using all manner of ugly language about the store, and had been ordered away several times before he left. He then went outside and picked up two stones, which he drew on Mr. Lehrer. His brother Si Wiley, who was a man, was also there, and Mr. Lehrer, fearing trouble, went and got a pistol, which he carried out publicly in his hand. The evidence showed that he did nothing wrong, and the case was dismissed. Ed Wiley, one of the boys, was fined \$10 and costs for using profane language.

Jim Dunlap, Starling Smith, Joe Briggs and Anderson Trice, colored, were charged with assaulting George Morehead. He claimed that on the 5th inst. he went to a house on Trimble street to do some work, and that gang of boys assaulted him. He was sure Briggs was in the crowd, but was not sure as to the others.

Briggs said he was there, but helped take the others off Morehead, instead of assaulting him. Smith and Trice were not in the crowd, he said, but Dunlap was. The case against Briggs was continued until next Thursday, and Smith and Trice were dismissed, and warrants will be issued against the others.

John and Tom Covington, of the country, were fined \$1 and costs each for drunkenness.

The tax on cigarettes has had a wonderful effect in reducing the sale of them, and the demand has decreased almost double. A single package now costs ten cents, or two for fifteen. Most of the flocks have been compelled to resort to tobacco and cigarette papers.

Constable Jack Randolph went out to Bond's Station this morning to make an arrest. He is expected back tonight.

This forenoon a warrant was issued by Judge Sanders against Roth, Hays, son of the barber, charging him with jumping on and off a street car, refusing to pay his fare, and abusing the motorman. Hays is the young man arrested at the baseball park last summer with a pistol concealed on his person. He will be tried in the police court tomorrow.

For a week or more the bill posters have been on the lookout for miscreants who have made it their business to go around and tear from the bill boards, all the posters thereon. They looked in vain for them, but it is thought now have the right persons. Warrants were today issued against Frank and Tiny Martin, who live on North Fourth street, near Broadway, charging them with the offense. If he is found guilty of trespass, it will not doubt go hard with them, as the bill posters are not inclined to overlook the vandals.

Warrants were today issued against the negroes who flourished their pistols as they left the wharf on board the Chattanooga last Sunday, in full view of the people on the wharf, and against those who fired their pistols when the boat returned. The names were not given out by the police.

The Elks meet in regular session tonight, and will have an initiation. A large crowd is expected.

The sewer work still progresses, under the fine weather, and today the workmen are nearing Sixth on Court street, where the main sewer is being laid.
